How to turn on the Atomic Learning Tool in Blackboard

Enter the course in which you wish to use the Tool. Then go to Control Panel -> Customization -> Tool Availability.

Next, find all of the options pertaining to Atomic Learning, check their corresponding boxes, and click Submit.
Now enter the Content Area where you wish to add the Atomic Learning link and go to Tools -> More Tools -> Atomic Learning Website Access.

On the next screen, give the link a name, choose your options, and click Submit.
