How to embed a YouTube video into Blackboard

- First find the video you wish to embed on YouTube
- Once on the video page click ‘Share’, ‘Embed’, ‘Show More’

- Choose which options you’d like to have in the embedded and video
• Now select all of the code provided by YouTube and copy it

• Go into the textbox in Blackboard where you wish to embed the video and choose the ‘HTML’ button

(If you don’t see the “HTML” button click the button with two arrows pointing down)
• In the new window that opens up paste the code that you copied from YouTube and click the ‘Update’ button

• Now complete the rest of the content item you are adding to Blackboard and choose the ‘Submit’ button

You’ve now embedded a YouTube video into Blackboard
